

Year 11 and 13 Assessment Plan

The following plan outlines how we will teach and assess Years 11 and 13 in the forthcoming weeks. Departments will build up a portfolio of evidence from existing assessments, practicals and exams. The following two assessment opportunities are not on their own designed to formulate a grade in all subjects, but assist in the evidence portfolio the school is collecting to enable us to gain as accurate a profile of each student as we can.

Please be aware that teachers are not allowed to discuss with parents the grade that a student has been given.
